Education

De La Salle University-Dasmariñas	Cavite, Philippines
Bachelor of Science in Information Technology. 3.79 / 4.00	2021 – 2025
Dean's Lister	

Experience

Analog Devices Inc.	Cavite, Philippines
Software Engineer Intern	Feb 2025 – May 2025
- Built PRIMA, a C# automation tool streamlining ~90+ daily request entries - Improved internal processing speed by 57.5% through parallel routing logic - Reduced manual workflow bottlenecks by 64%, enhancing cross-team collaboration	
De La Salle University-Dasmariñas	Cavite, Philippines
Capstone Project Leader / Full-Stack Developer	Oct 2024 – Jan 2025
- Led Reservoia project: hotel reservation and inventory management system - Developed real-time booking validation and admin dashboard using Django + Next.js - Reduced booking errors by 30%, improved response time by 40%	
Buri Technologies Inc.	Quezon City, Philippines
Junior Full Stack Software Developer	Aug 2025 – Present
- Built and deployed responsive web apps for Cast LMS and custom e-learning platforms using SvelteKit with Ruby and Django backends. - Converted UI/UX mockups into reusable components, reducing front-end rework and improving delivery speed. - Improved system stability by debugging, testing, and optimizing features for client training workflows.	

Software Projects

Invoice-App (Freelance)	Remote
Full-Stack Developer	Feb 2025 – May 2025
- Delivered invoicing system with PDF exports, recurring billing, and secure role-based access control with zero unauthorized access in testing - Automated invoice generation and tax calculations, cutting manual effort by ~70% in workflow tests - Built with Node.js (Express.js), PostgreSQL, and Next.js, using JWT and OAuth2 for secure access control	
Pa-ya-ba – E-commerce Inventory System	
Full-Stack Developer	Dec 2024 – Feb 2025
- Designed automated stock and order notification system using Next.js, Django, and SMTP emailing - Reduced manual inventory checks by ~60% and improved order visibility for admins by ~45% - Integrated real-time stock sync and low-stock alerts, improving fulfillment speed by ~35%	

Technical Skills & Interest

Technical: TypeScript, JavaScript, Python, Java, C#, SQL, React, Next.js, Django, Node.js, Express.js
Databases: PostgreSQL, MySQL, MongoDB, Prisma ORM
Tools: Git, Github, Postman, Figma, AWS (S3, RDS), PDFKit
Security: JWT, Google OAuth
Interests: UI/UX Design, System Architecture,, Gaming, Cooking, Adobe Photoshop, Adobe Premiere Pro
